<p>Explain why the syllabus should be changed:</p>	<p>International (human rights) law pertaining to indigenous peoples has been progressively developed in the recent years. While this development encompasses the rights of indigenous peoples to marine space and marine resources, the existing syllabus of this course does not include any reading material dealing with these issues.</p> <p>We, therefore, believe that it is necessary to include this aspect of indigenous peoples’ rights to this course.</p>

However, we will later specify the relevant chapters of those books that our students should read to make sure that the suggested change is within the required syllabus norm.</p> <p><i>Edit by Astrid Bjerke 09.11.20: There is no longer a need to remove anything from the syllabus, as we are agreed that even with the two new chapters the syllabus is within the page count.</i></p>
