**Re:** Application for funding for language editing assistance for the manuscript of my book

I am in the process of finalizing the draft of my book titled "**Indigenous Peoples, Marine Space and Resources, and International Law: The Interaction between Human Rights Law and the Law of the Sea**", which will be published by Routledge publishing. I would like to get a professional language editing assistance to my manuscript before submitting the final version to the publisher. Therefore, I hereby apply for funding to cover the cost of the language editing. The book is about 350 pages long. I do not exactly know how much money it will cost for the language editing of such length of a book manuscript. However, I estimate that from 15,000 to 20,000 Kr would be sufficient for the task.

I have attached the copy of the publishing agreement that I have signed with the publisher for your reference.

I look forward to receiving a positive response.

Yours,

Endalew Lijalem Enyew
