Hi Jørgen,

Here is the syllabus proposal.

I've indicated what is available online, and what must be included in a compendium.

Where I say in compendium/available online highlighted in yellow it refers to chapters in two books that our library does not yet have access, but I've contacted Stian Lillejord at the library so that they can buy access to these.

Where I say in compendium but without yellow highlight it refers to articles we currently have in the JUR-3619 compendium.

I have not submitted this to Christina Jensen (avdelingsleder) yet. I Cc her in this email so that she can have a look at it as well.

Let me know if you have any questions.

Cheers,

Maria
